WELCH RETURNED—Secretary Harry Welch of the chamber of commerce returned to Phoenix yesterday from Tucson, where he attended the meeting of the State Board of Trade.

ARRIVED HOME LAST NIGHT—Governor Hunt and Adjutant General Harris, who had been at Winslow for the past two days for the purpose of attending a banquet there by the Commercial club, returned to this city yesterday evening.

INVESTMENT PERMIT—The state corporation commission yesterday issued an investment permit to the Green Monster Mining company of Jerome, and gave permission to the Florence Hill Mining company to change the name of their organization to the Gorman Amalgamated Gold Mining company.

INSANITY SUSPECT—Charles Bradshaw, a former employee of Hascayanga Creamery, who has been confined in the county jail, pending a hearing on his sanity, was released yesterday. Bradshaw's brother arrived from Colorado and will have charge of the man, who is said to be "queer" and at times violent.

WEDDING PRESENTS GONE—The Horton Greens are still their wedding presents. When they left Phoenix last spring, Mr. and Mrs. Green, in a complaint filed in the superior court yesterday alleges that they stored all their wedding gifts with the Lightning Delivery company. Later they allege the company sold them. They place a \$576 value on the presents and ask also for \$500 exemplary damages.

DEMURRER SUSTAINED—In the case of Mont Anderson versus the City of Phoenix, Judge Lyman sustained the demurrer of the defendant. The court, however, gave the plaintiff until Saturday to amend the complaint. In the meantime the restraining order preventing paying being laid down is still in effect.

THREE-CENT FARE CASE—The state corporation commission yesterday announced that the three-cent fare case will come up for hearing before the commission on March 1. In commenting on the matter yesterday one of the officials connected with the case, stated that there was a pretty good chance of the three-cent measure being passed by the commission, as the railroads in the states of Montana and Washington are charging only three cents per mile and are operating under practically the same conditions as are the roads in this state.

IT WAS NOT THE ARIZONA EASTERN—In the story of the killing of Frank Smithline yesterday morning it was stated that the tragedy occurred at the Seventh street crossing of the Arizona Eastern. That was an error of the reporter who did not visit the scene of the killing, but was told that it took place at the Seventh street crossing. He was not aware that the trains of the Santa Fe ran so far east as that and assumed that it was on the Arizona Eastern track that Mr. Smithline met his death. On the contrary, he was killed by cars on the Santa Fe.

Pay That Bill Today

Many blessings will follow in the trail of "PAY UP WEEK" movement.

In many cases the merchants will cease troubling with their little monthly reminders that "THAT LITTLE ACCOUNT IS STILL UNPAID." Fewer letters will be received by the housekeeper. Those missives you know on sight, the ones with a stamp on the corner, will not arrive with usual frequency. The postman's ring will be attended with less misgivings. All that is something to be thankful for.

For debt saviors of slavery and to be free of debt is to be rid of a great handicap. Merchants report a splendid response to the appeals. Many citizens wiped off their total indebtedness and others did the best they could and all with a good grace, apparently glad of the opportunity to get the burden off their shoulders and at the same time gladden the heart of the merchant.

Many are going to extend the spirit of the pay up movement. They have had their eyes opened to the handicap of being in debt and have resolved to liquidate little by little until they are again free. That is a blessing worth striving for. If this movement will be the means—and we believe it will—of getting a lot of people out of debt and keeping them out of debt, then we will have much to be thankful for.

To those who have as yet made no effort to join the procession, we would say DO SO NOW. Pay up week ends on Saturday evening. Get in somewhere. If you cannot square that account, do the best you can. Pay something on it. Make it a beginning. You will find the rest of the road easier traveling.

This movement is in the interests of both the creditor and debtor. While you are getting out of debt you are helping the merchant, and as he is good to you, you will have nothing by being good to him.

Two days more, Friday and Saturday. Especially on Saturday, remember to

he has had but two applications. The places are still open, and the right kind of men can secure employment by calling at 610 West Van Buren street. If none apply within a day or two, an effort will be made to get the required men from Los Angeles. If this becomes necessary it will be but another indication that times are good in Phoenix and that not many skilled workmen are out of employment here.

LARGE CROWD AT WOODMEN'S DANCE

Over three hundred and fifty couples enjoyed the hospitality of the Modern Woodmen of America last evening in an informal dance at the Knights of Pythias hall.

The affair was in charge of Robert L. Webb. The large dance hall was over crowded, but in spite of this, the dancers managed to have a good time.

Those who did not care for dancing were entertained at the card tables, placed in the ante room. During the evening teas and punch were served from a tastefully decorated booth, placed in a corner of the reception room.

Prior to the dance a regular meeting of the Modern Woodmen was held, at which the names of several candidates were balloted upon.
